Panel 3

Vis-en-Artois and Haucourt are villages on the straight main road from Arras to Cambrai about 10 kilometres south-east of Arras. Within the grounds of Vis-en-Artois British Cemetery, which is west of Haucourt on the north side of the main road, will be found the Vis-en-Artois Memorial. This Memorial bears the names of over 9,000 men who fell in the period from 8 August 1918 to the date of the Armistice in the Advance to Victory in Picardy and Artois, between the Somme and Loos, and who have no known grave. They belonged to the forces of Great Britain and Ireland and South Africa; the Canadian, Australian and New Zealand forces being commemorated on other memorials to the missing. The Memorial consists of a screen wall in three parts. The middle part of the screen wall is concave and carries stone panels on which names are carved. It is 26 feet high flanked by pylons 70 feet high. The Stone of Remembrance stands exactly between the pylons and behind it, in the middle of the screen, is a group in relief representing St George and the Dragon. The flanking parts of the screen wall are also curved and carry stone panels carved with names. Each of them forms the back of a roofed colonnade; and at the far end of each is a small building.

## JOHN & FRANCES WEST FAMILY GROUP

In October, 1985, four distantly-related people met in an Andover living room; we had met through membership of H.G.S. but what we had in common was 'consanguinity with John West'.

### Who was John WEST?

For some readers that is going to have an immediate response - that's my ancestor too! What they may or may not know was about the man and his life and the effect he had on us, three hundred years later.

John West was baptised at St.Mary's, Twickenham, (Middlesex) in November, 1641, the son of Simon West, stationer and Citizen of London, and grandson of Edward West, a Yeoman of Twickenham who had been baptized in 1614. John was married on 21st February, 1665/6, to Frances Mickell, who had been born Frances Sakes about 1643, and widowed by the Great Plague in 1665. John West became a "scrivener" which could then mean a notary (a man authorised to draw up or attest contracts and similar documents, etc.) or one who received money to place out at interest and supply those who wanted to raise money on security - what we might call a financier today. He did business for Samuel Pepys and was indeed a witness to his will and attended his funeral. He and Frances became immensely rich, though they were childless.

John died on 29th November, 1723, aged 82, and Frances in January, 1724. They both made Wills - Frances's is 22 pages long - and among their bequests were scholarship places at Christ's Hospital School (of which John was President 1684 to 1702) for Founder's Kin, and pensions for those able to prove 'consanguinity'. Those places and pensions still exist today.

As to who originally evolved the method of keeping the necessary pedigrees there is no evidence, but there is a distinct pattern in those already compared. All four of us at Andover that day (and the couple of others known) descend through John's aunt, Jane STARE, (d. 1626), who married Jasper RANDALL, (b. 1589), and their son, John, who married a lady with the unusual name of Anstice (a form of Anastasia) and died in 1682. It makes us roughly eighth-cousins to one another. Each pedigree reads:

"Mrs. STARE, mother of Mr. John WEST, had a sister named Jane STARE, which said Jane STARE married Jasper RANDALL and had issue of her body John RANDALL, which said John RANDALL, by Anstice his wife had issue . . ." and so on - no dates or places - to our own names at the end. How each of us came to know about our ancestry are stories in themselves.

The pedigrees are registered at Christ's Hospital, and a visit to their offices in the City of London revealed lines of descent through several other relatives of both John and Frances, as well as our own from Jane and Jasper. The majority of the descendents live on the Hampshire/Berkshire borders and the villages around Andover.

Our discussions in that Andover room ranged from admiration of one's advanced researches, to despair at duplicating another's work. What they resulted in was a resolution to form a **John & Frances West Family Group**: its membership to consist of those claiming consanguinity, and its purpose the sharing of family information.

Michael Dress, Ellen Blackshaw-Thomas and Rebecca Trigg have been awarded Wests' Gift places at Christ's Hospital in Sussex

## Wests' Gift trio feel at home

**THE prestigious Wests' Gift has been bestowed on three local children.**

Eleven-year-old Rebecca Trigg, from Thatcham, 12-year-old Michael Dress and 11-year-old Ellen Blackshaw-Thomas, both from Newbury, were each honoured with the historic Wests' Gift place at Christ's Hospital, near Horsham, this September.

The trio are now said to be flourishing in their new boarding school environment in the heart of Sussex.

Michael and Ellen previously attended the Falkland School and Rebecca was a pupil of Whitelands Park Primary in Newbury.

The Wests' Gift was established in the 18th-century via a bequest from John and Frances West, who had strong associations through family connections with the Newbury area and admired the ethos of Christ's Hospital.

Over the centuries, the endowment has grown and now helps

about 60 of the 830 pupils at Christ's Hospital.

A silver-plated shoulder badge is awarded to all Wests' Gift beneficiaries and is worn on the school's Tudor-style uniform.

Michael, who has already joined the school chess club and football team, said: "I enjoy the traditions at Christ's Hospital such as marching into lunch and the uniform which is over 450 years old and one of the weirdest uniforms I have ever seen. It's so different from my old Falkland Primary School one."

Christ's Hospital invests more than £14m each year in children who are particularly deserving.

It is the proceeds of endowments, such as that of John and Frances West, and other investments over the centuries, along with the generosity of donors, that enables Christ's Hospital to remain a charitable school.

The school holds two open days a year; the next being on March 10, for entry into September 2008.

**DEATH OF MR. JOHN WEST.**—The passing of Mr. John West in his 92nd year removes the oldest parishioner of Tadley. He had lived in Tadley all his life up till about six months ago, when he went to live with his youngest son, John, at Breech Lane, Sherfield-on-Loddon, where he died after a brief illness on February 26th. Mr. West had a family of eight (three sons and five daughters), seven of whom survive him, 33 grandchildren and 10 great-grandchildren, making a total of 51 descendants. He was well known and highly respected. He followed the occupation of woodman, and assisted during the work of excavation at Silchester. He was a great walker, and was fond of following the foxhounds. The funeral took place at Tadley Meeting House on Tuesday afternoon, a large gathering being present to pay their respect and sympathy. The Rev. E. J. W. Puddlesden officiated, assisted by Ensign Clarke, of the Salvation Army. The hymns sung were "On Jordan's stormy bank" and "Jesus, lover of my soul." Mrs. Flitters was at the organ and played "Abide with me" as the coffin was borne out of the church. Four grandsons—Messrs. E. W. Kimber, E. W. Smith, W. Smith and H. West—acted as bearers. family tree for some months and have now come to a stop.  
I am tracing my fathers ancestors and have traced them to Tadley.  
The information I am after is the births of Jonathan West and Sarah West  
[nee James]. Their marriage banns were read in December 1799 in Tadley, If  
there is any other information that you could give me in my quest  
[obsession] in going back as far as I can I would be most grateful.  
Thank you for taking the time to read this mail.

Dear Iris,

thank you for contacting me again, its is always lovely to hear from you, and like you would love for us to stay in contact.

Before I forget the entire west clan have told me to say a BIG THANKYOU to you for all the information that you have sent me, I'm not asking for your address [because you can't trust any on the net] but consider yourself receiving a big bunch of flowers from us all.

We are related through jonathan and sarah's son william, he had a son benjamin [he moved to london] who married kate rose stanford who had a son james [my grandfather] who married lilian gillings and then annie milne [when my grandmother died] they had 4 sons, who sadly have all died, the sons never kept in contact with each other 3 of them did for a while and I have been in contact with one of my cousins anita for years, and another brother started the tree a few years before he died, and it was his grand daughter [hannah] who contacted me through genes reunited, and through hannah I have managed to get in contact with the last brothers family so for the first time in about 50 years all relatives of the 4 brothers are in contact which I think is a great achievement.

If you would like to go genes reunited you can see my family tree which thanks to you is immense, and I have also found another relative kevin he is related through mary west [daughter of benjamin and willoughby] who married giles clark giles, and still lives down in your neck of the woods, if you have time he would like to find out more about the family of giles, but not to worry if you don't.

Hope you and george have a lovely time in hayling island, and get in contact when you get back.

I have told my friends who are frightened of the computer about you and it has given them the boost to carry on with it.

THANKS AGAIN IRIS.
