Dear Mrs. Stanley,

Thank you for your letter and all the detailed information. The extent of the information that I have on the name Goodyear is very small, but is as follows.

My gt. grandmother was Mary Jane Goodyear born at St. Mary Bourne in 1853. Her father was David Goodyear who married a Mary Ann Richardson, but as I have only recently started to trace my family I haven't been able to find their birth or marriage dates as yet. I hope to get to the Winchester Record Office in the near future.

The information on the John & Frances West Family Group I found very interesting, as my grandfather received a pension all of his life which

HUSBAND ELI GOODYEAR

was paid six monthly or yearly until he died in 1970 and I havent been able to find out anything about this. He had to get the vicar of the parish to sign and declare that he was alive so that he could receive the pension.

I will keep your letter and information and if I discover anything in the future I will be able to contact you.

Yours sincerely
Dene Sherwood

Dear Iris,

Many thanks for your letter and all the enclosed Goodyear family trees. I'm sorry not to have replied more quickly, but I needed a little time to absorb and compare the information you sent me with my own - it is some time since I did any work on the Goodyear line. It is actually my boyfriend Andy (Goodyear) who is descended from the Goodyears of St Marybone and we turned to receive your letter and discover there were so many others interested in the same family (but considering the sheer volume of St Marybone Goodyears, I suppose we ought not to be really surprised!!)

We visited the Winchester Record Office over a period of a week about 3 years ago and have not had the time yet to come back (especially as there is other family history work to distract us closer to home!). We then concentrated on the St Marybone Goodyears. Our starting point was Andy's grandfather's birth certificate: Frank Goodyear was born in 1882 in Weston, son of Harry and his wife (?) we are so far unable to find the marriage - but that's a story in itself which I won't attempt to go into now) Jane formerly Archer. The 1881 census for Weston showed Harry to have been born in St Marybone. Harry, as you see you know, was the son of Nathaniel and Jane. I found no baptism in St Marybone for Nathaniel (did I miss it?), but census information and his marriage to Jane Dalton indicates he was the youngest child of William and Martha - and the brother of your Harriet.

Then of course, we came to the Williams, Davis & Harriet problem. I agree, in so far as the evidence is inconclusive! Evidence certainly points to Harriet being the daughter of William & Martha

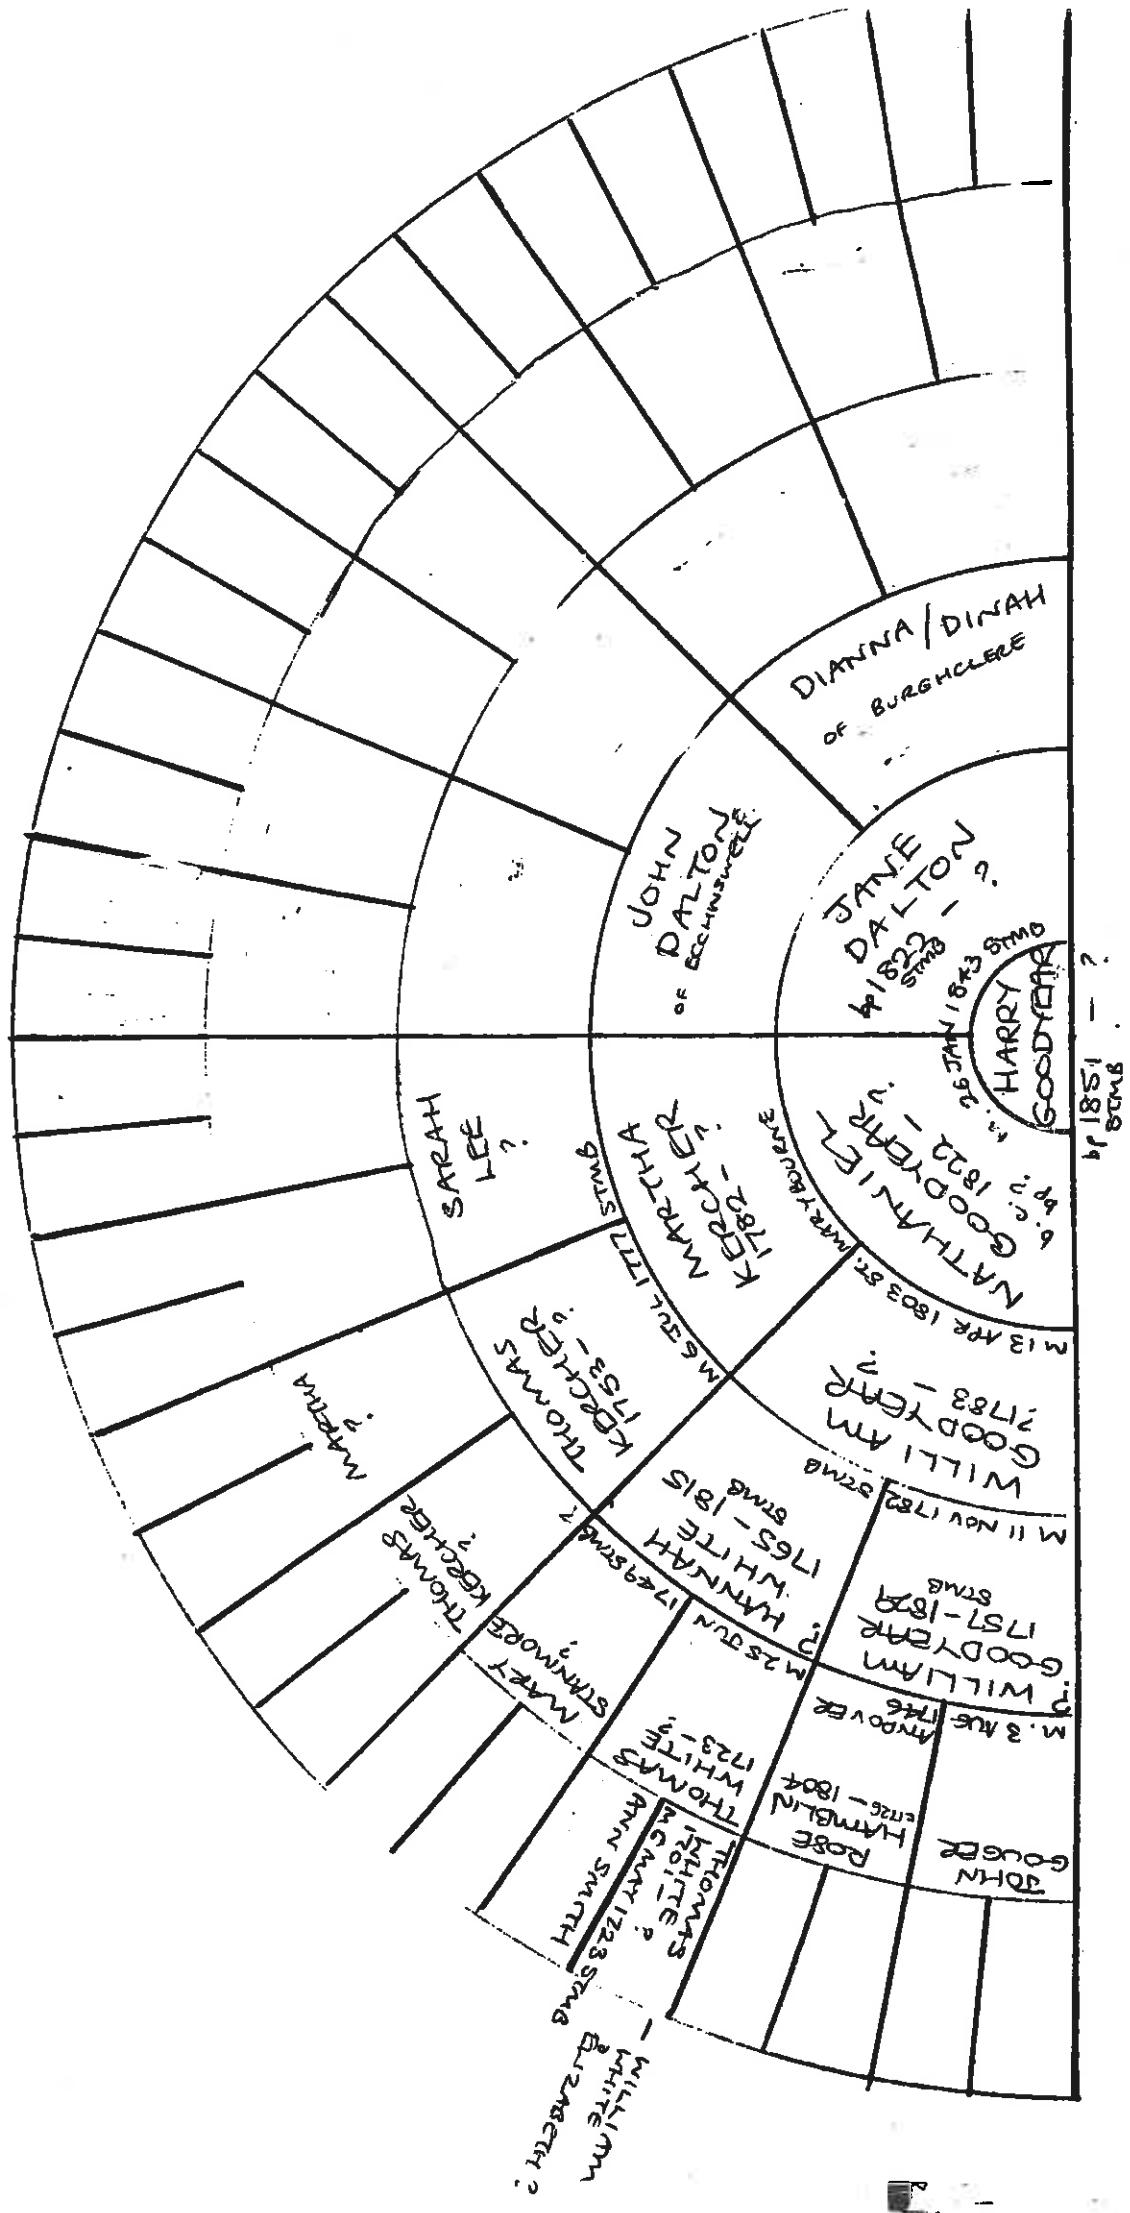

mention between 1837 and 1858. I don't however, have all the information on marriages, and none at all on burials for the surnames Kercher and White, though I do have their baptisms.

I did attempt to put all the Marybowne Goodyears onto a single family tree - but as you know, some 'pieces' are missing and others don't fit - but it still fills several consecutive sheets of old computer paper! I enclose a 'potted' version which I produced from it.

I must now endeavour to write to the others you have told me of, who are tracing the Goodyears. Indeed, there is clearly going to be a lot of correspondence going back and forth between us all! I can only repeat how pleased we both were to find that there are so many people interested in the same family! I am also bursting to get down to Winchester again, but that may not be until next year. In the meantime, I look forward to continuing our correspondence and perhaps having a chat on the phone some time.

Best wishes,

Faith Butler (or Andy Goodyear)

Dear Mrs Tazeull,

Just a short note to ask if you would be able to be of assistance in our quest for information on the "Goodyars" of St Marys Bourne, Hampshire or could put me in touch with someone who could.

It is rather difficult to get much information over here in Australia but if I can find someone who is doing the same research we may be of help to each other as I can help them out with the "Goodyars" who came to Australia

My Great, Great, Great Grandfather was Solomon Goodyear and his wife at that stage was Rachel Page. I have information on the birth of my Great, Great Grandfather David who was born at St Marys Bourne 27.11.1831 and migrated with his wife Mary Ann Rolfe in 1858 and arrived in Brisbane 1858 with their daughter Susannah. They also had a son William but he died on the ship out here.

Thank you most sincerely for reading this and don't worry if you can't help.

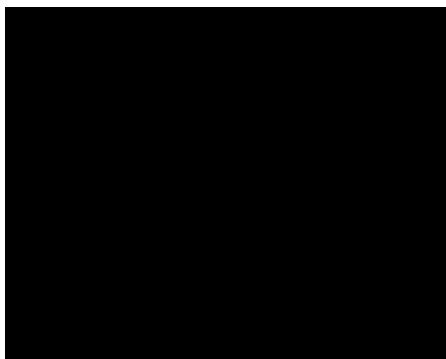

Regards, Veronica Mason.

Dear MR & MRS STANLEY

I received this letter in the post and on consulting the members interests catalogue I note that you are researching ST MARY BOURNE 1700-1800. I wondered if you could help this lady in any way. I enclose some stamps so that you are not out of pocket in replying to her. I have taken over from Mrs Tagewell owing to her sudden death. Thank you for your
Yours sincerely
Steve.

Dear Mrs Stanley,

I have been advised to contact you because of our mutual interest in the Goodyears from St Mary Bourne. My cousin Mrs Brenda Ruffett, in Canada, and I have been looking at the Goodyears for the last year. Brenda wrote to Bill Reynolds in Windsor and received a nice lot of stuff from him.

Our line descends from John Gouger and Rose Hamblin. Their son Thomas married Elizabeth Cummins Oct 1769. Thomas' dau Eliza married William Seames in 1804.

The granddaughter of William and Eliza Sims/Seames married into the Hobbs family. We are having problems with the Hobbs family as our furthest back ancestor, Edward Hobbs, died in 1850. We know from the 1841 census he was born in Hampshire! He married in Hampstead Norreys to a Berkshire lass so no clues there.

I am told in Bill Reynolds letter to Brenda that you have lots of information on Hampshire families. Do you know of my Edward Hobbs who spent all his married life in Whitchurch, and the Goodyears and Sims families.

Yours sincerely

Sarah Matthews
